I am the veil between earth
and sky
I arrive without warning
Quiet, cool and untamed
I soften the horizon
But never the adventure
Step beyond what you can
see
I, AM,

MIST

I am the last breath of Day
Exhale!
I, am freedom
Inhale!
I am the cool kiss that brings comfort
Embrace!
The feeling you long for;
the one you must

I am your first memory
I, am, your energy
Feel my lively embrace
Get ready for the chase
Seize the day,
come what may
I, AM,

A moment of beauty
and wonderous sight
A delicate reminder
of the night
Before the heat of the
day takes flight
A symbol of life and
a gentle greeting of
the new day
I AM
